

Assign AP® MCQs, FRQs, and readings. Get it back already graded.

Students take it on a screen that works like the exam. Multiple choice scores on submit, and FRQs come back with an AI score you can change before anyone sees it.

Start from a template

MCQ sets, FRQs, unit exams, full AP® exams, diagnostics, and guided reading for every AP® subject.

Students just open a link

No student subscription needed. Share a link or post it to Google Classroom, and they take it on a screen modeled after the real exam.

Graded when they turn it in

Every Fiveable FRQ has scoring guidelines. You see the AI score, change it if you disagree, and release.

Bring in work from anywhere

Import from Google Classroom, Google Drive, AP® Classroom exports, or scanned handwritten work.

Reteach is built in

A student who scores low gets a short review, then a second attempt on new questions on the same topics.

Insights by student and skill

Mastery by unit and skill across every assignment, and which students are sliding.

96.2%

We've graded 53,000+ FRQs for AP® teachers on Fiveable. They kept 96.2% of the scores they reviewed one at a time.

\$30 off your first year

Teacher Workspace + Printing, our annual plan, for \$99 instead of \$129. Includes the print center: study guides, FRQ sets, and practice exams as PDFs.
